## Mission Statement

## **Our Mission**

"To help you improve life, one habit at a time."

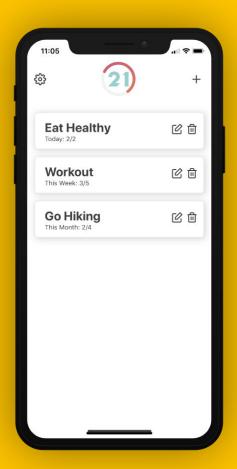

## 3

## The Idea

## **Habit Tracker**

We want to help our users easily monitor and achieve their goals. Our app aims to help you stay on track and keep you going.

In 1950, Maxwell Martz theorized that it takes 21 days to make or break a habit. While this may not hold true for everyone, we believe it's a great place to start.

"Motivation is what gets you started. Habit is what keeps you going."

- Jim Ryun

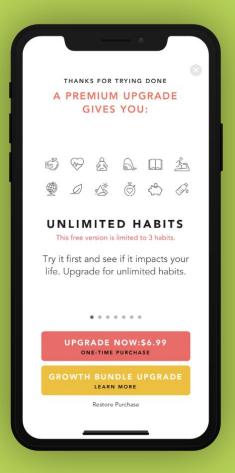

# What Will Make Us Different?

#### **Forever Free**

Some apps limit you with trial periods or restrict certain features for free members.

Our goal is to help you live a healthy and happy lifestyle. Our app will always be free to use.

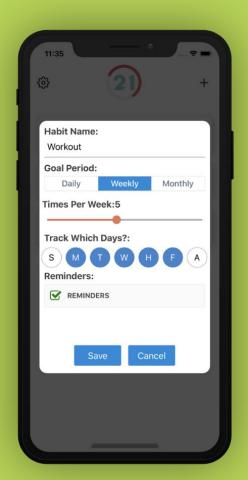

#### **Planned Features**

Challenge your friends to complete goals or work together to achieve a common objective.

Offer incentives and rewards for reaching your goals.

Location based reminders, analytics, statistics and more!

## Technologies Used

## **Technologies**

**Firebase** 

**React Native** 

Git

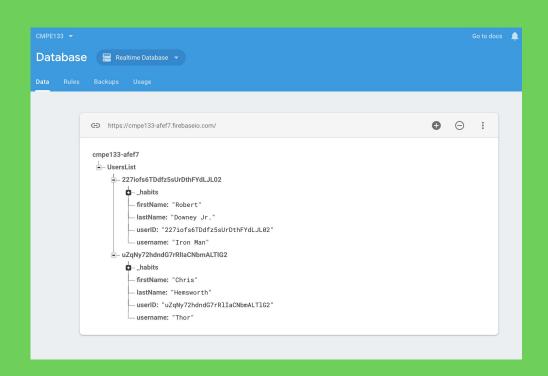

**Adobe Xd** 

**VScode**
